These installation instructions are valid with the above Ametrix styles.

Large, OUTDOOR P2R

(Pendant, 2-way, Remote ballast)
Visor and Non-Visor

Warning: Before starting any work ensure that all sources of power are turned off. All work must meet local/national codes and be performed by a certified electrician. **Do not** mount fixtures vertically.

Exploded view and part call-out

Attention:
Large fixtures require additional bracing/structure around J-box to support fixture.

1 Securing pendant to ceiling

1. Remove both 1/4-20 x4 hex bolts from bottom of pendant.
2. Remove both #8-32 x3/8" set screws and allow canopy to slide down pendant.
3. Run wires from J-box into pendant, ensure there is enough wire to reach cover plate.
4. Using appropriate fasteners, secure fixture to ceiling. Use additional bracing if necessary.
5. Replace canopy and secure using both set screws.

2 Wiring the fixture

1. Slide fixture assembly onto pendant and secure with both 1/4-20 x4 hex bolts.
2. Attach appropriate wires and ensure all connections are properly matched
3. Secure cover plate

3 Sealing the fixture

1. To seal fixture, ensure door is secured with provided socket cap screws. Secure #6-32 x1/2" socket cap screws above door latches.
2. Secure #6-32 x5/8" socket cap screws into bottom of door.
3. Refer to supplementary sheets for torque specs and aiming instructions.
